

We humbly encourage you to request NGRM to visit your church, leadership team, group or organization. It would be our pleasure to talk to you and present in more detail the work of the mission as we help those less fortunate and present the Good News of Jesus Christ! We will explain how we do this, as well as how YOU can be a part of this ministry. We would also be happy to answer in depth any questions you may have. Since we do not solicit government money, we always look to increase our partnerships. We look forward to hearing from YOU soon, and may God Bless you!
